SUMMER

Christiane Fochtman, Kaoli Mashio, Angela Mathis, Dorothea Stiegemann

2. Juli - 28. August 2010

VW (VENEKLASEN/WERNER) is pleased to announce *SUMMER*, an exhibition featuring works by video artist Christiane Fochtman and painters Kaoli Mashio, Angela Mathis and Dorothea Stiegemann.

Fochtman, Mashio, Mathis and Stiegemann - all fellow students under Peter Doig at the Dusseldorf Academy - maintain four distinct aesthetic positions in their given medium.

SUMMER evolved out of VW's sprawling group show *Self-Consciousness*, which explored varied approaches to portraiture and identity in painting and film. *SUMMER* focuses on four emerging artists from that exhibition. This is their first major showing in a Berlin gallery.
